

CONFERENCE PROGRAM

Theme: LEADERSHIP: SHARING THE EXCELLENCE

TIME	BALLROOM 3	BALLROOM 4
08:30-10:00 (1.5hrs)	<p>Post Grad Course: Liver Presentation time: 17 min, 15+2 Theme: Comprehensive management for HCC : Basic considerations</p> <ol style="list-style-type: none"> 1. Essential anatomy for anatomical liver resection, <i>TBC</i> 2. Preoperative evaluation and adjunct procedures for the best surgical outcome, <i>Feng Shen, M.D. (China)</i> 3. Surgical technique for open anatomical liver resection, <i>Dai Wing Chiu, M.D. (Hong Kong, China)</i> 4. Laparoscopic surgical technique for laparoscopic non-anatomical resection, <i>Jai Young CHO, M.D. (Korea)</i> 5. Diagnosis and management of post-hepatectomy liver failure, <i>TBC</i> 	<p>Post Grad Course: Biliary Presentation time: 17 min, 15+2 Theme: Perihilar cholangiocarcinoma</p> <ol style="list-style-type: none"> 1. Pathogenesis of perihilar cholangiocarcinoma: From cell origin to malignant tumor, <i>Yasuni Nakanuma, M.D. (Japan)</i> 2. Diagnostic studies and interpretation: from radiological point to surgical aspect, <i>Kulyada Eruboonyan, M.D. (Thailand)</i> 3. Surgical anatomy: Implementation for perihilar cholangiocarcinoma surgery, <i>Jae Hoon LEE, M.D. (Korea)</i> 4. Pre-operative management in perihilar cholangiocarcinoma, <i>Hauke Lang, M.D. (Germany)</i> 5. Resectability assessment of perihilar cholangiocarcinoma: Resectable, borderline resectable and unresectable?, <i>Itaru Endo, M.D. (Japan)</i>
10:00-10:30 (30 min)	Coffee Break	
10:30-12:00 (1.5hrs)	<p>Post Grad Course: Liver Presentation time: 17 min, 15+2 Theme: Comprehensive management for HCC : Complex considerations</p> <ol style="list-style-type: none"> 1. Surgery for large HCC, <i>Yongyut Sirivatanaucksorn, M.D. (Thailand)</i> 2. Surgery for multifocal HCC, <i>Chao-Liu Dai, M.D. (China)</i> 3. Surgery for HCC with BDTT, <i>Asara Thepbunchonchai, M.D. (Thailand)</i> 4. Surgery for HCC with major vascular invasion, <i>Lun-Xiu Qin, M.D. (China)</i> 5. Robotic liver resection: standardized procedures, <i>Charles Chung-Wei LIN, M.D. (Taiwan)</i> 	<p>Post Grad Course: Biliary Presentation time: 17 min, 15+2 Theme: Perihilar cholangiocarcinoma</p> <ol style="list-style-type: none"> 1. Overview of surgical techniques for perihilar cholangiocarcinoma surgery: hepatic trisectionectomy, <i>Ebata Tomoki, M.D. (Japan)</i> 2. Hepatopancreaticoduodenectomy in cholangiocarcinoma: techniques and outcomes, <i>Ta-Sen Yeh, M.D. (Taiwan)</i> 3. Resection margin of perihilar cholangiocarcinoma: type, width and management, <i>Sae Byeol CHOI, M.D. (Korea)</i> 4. Vascular resection and reconstruction: techniques, feasibility and outcomes, <i>Attapol Titapun, M.D. (Thailand)</i> 5. Adjuvant treatment of perihilar cholangiocarcinoma, <i>Chaiyut Charoentum, M.D. (Thailand)</i>
12:00-13:00 (1hrs)	Lunch Symposium 1	Lunch Symposium 2
13:00-14:30 (1.5hrs)	<p>Post Grad Course: Pancreas Presentation time: 17 min, 15+2 Theme: The principle in pancreatectomy</p> <ol style="list-style-type: none"> 1. Surgical anatomy and complexity in pancreatectomy, <i>Paleswan Joshi Lakhey, M.D. (Nepal)</i> 2. Principal of surgery in Pancreatic Neuroendocrine Tumours and Cystic tumours of pancreas, <i>Adrian Chiow, M.D. (Singapore)</i> 3. Tailoring distal pancreatectomy for left sided pancreatic lesions, <i>Koh Peng Soon, M.D. (Malaysia)</i> 4. Tip and trick of pancreatojejunostomy, <i>Shailesh V. Shrikhande, M.D. (India)</i> 5. Tip and trick of pancreatogastrostomy, <i>Billy James G. Uy, M.D. (Philippines)</i> 	<p>The First International Meeting on IPNB</p> <ol style="list-style-type: none"> 1. History of IPNB: From IPMN-P to IPNB, <i>Yasuni Nakanuma, M.D. (Japan)</i> (20 min) 2. Spectrum of IPNB : Embracing the contentious perspective, <i>Volkan Adsay, M.D. (Türkiye)</i> (20 min) 3. Radiographic diagnosis of IPNB, <i>Jeong Min Lee, M.D. (Korea)</i> (25 min) 4. Role of endoscopy on IPNB, <i>Jong Ho Moon, M.D. (Korea)</i> (25 min)
14:30-15:00 (30 min)	Coffee Break	
15:00-16:30 (1.5hrs)	<p>Post Grad Course: Pancreas Presentation time: 17 min, 15+2 Theme: The principle in pancreatectomy</p> <ol style="list-style-type: none"> 1. State of the art in PD and robotic surgery, <i>Manish Bhandare, M.D. (India)</i> 2. Conversion surgery after multidisciplinary treatment in patients with locally advanced unresectable pancreatic cancer, <i>Tsutomu Fujii, M.D. (Japan)</i> 3. Curative resection after carbon iron radiotherapy (CIRT) for initial locally-advanced pancreatic cancer, <i>Yi-Ming Shyr, M.D. (Taiwan)</i> 4. ERAS Protocol in pancreatic surgery, <i>Worakitti Lapisatepan, M.D. (Thailand)</i> 5. Post pancreatectomy complication, <i>Warakorn Jaseanchiun, M.D. (Thailand)</i> 	<p>IPNB Consensus Meeting</p> <ol style="list-style-type: none"> 1. General treatment planning for IPNB, <i>Jin Young Jang, M.D. (Korea)</i> (20 min) 2. How to deal with the difficult & unique situations in IPNB, <i>Keiichi Kubota, M.D. (Japan)</i> (20 min) 3. International Consensus Guidelines for Management of IPNB, <i>Vor Luvira, M.D. (Thailand), Jin Young Jang, M.D. (Korea), Keiichi Kubota, M.D. (Japan)</i> (Panelist, 50 min)
17:00-19:00	Welcome Reception	

CONFERENCE PROGRAM

Theme: LEADERSHIP: SHARING THE EXCELLENCE

TIME	PLENARY HALL 1-2	BALLROOM 3	BALLROOM 4	MR109 AB	MR 109 CD	MR109 EF	MR109 GH
08:30-10:00 (1.5 hrs)	Symposium A1: Biliary Presentation time: 14 min, 12+2 Theme: Management of gallstone and bile duct stone: From Endoscopic to Robotic Surgery 1. Difficult cholecystectomy, how can make it safe <i>Nan-Ak Wiboonkhwan, M.D. (Thailand)</i> 2. Cholecystectomy; Laparoscopic vs Robotic surgery <i>Seung Jae LEE, M.D. (Korea)</i> 3. Quality improvement of cholecystectomy and ERCP <i>Saxon Connor, M.D. (New Zealand)</i> 4. Choledocholithiasis: How to settle ERCP in rural area, <i>Chaloemphon Boonmee, M.D. (Thailand)</i> 5. Choledocholithiasis: ERCP challenges in difficult scenarios, <i>Ikhwan Sani, M.D. (Malaysia)</i> 6. Choledocholithiasis: Single-incision Laparoscopic Common Bile Duct Exploration: 10 Years of Experience, <i>Shu-Hung Chuang, M.D. (Taiwan)</i>	Symposium A2: Liver Presentation time: 14 min, 12+2 Theme: advanced management of HCC 1. Challenging Surgical Treatment in HCC with Biliary Tumor Thrombus, <i>TBC</i> 2. Watch-and-Wait Strategy versus Resection in Patients with Radiologic Complete Response after Conversion Therapy for Initially Unresectable HCC, <i>Yun-Fei Yuan, M.D. (China)</i> 3. The Role of HAIC in Conversion Therapy for HCC, <i>Min-shan Chen, M.D. (China)</i> 4. The Role of Combinational Therapies in Locally Advanced Hepatocellular Carcinoma, <i>Yih-Jyh Lin, M.D. (Taiwan)</i> 5. Different Recurrence Pattern of HCC after Surgical Resection and RFA, <i>Chihs-Yang Hsiao, M.D. (Taiwan)</i> 6. ICG Application for Laparoscopic Liver Surgery, the New Standard, <i>TBC</i>	Symposium A3: Pancreas Presentation time: 14 min, 12+2 Theme: Update of recent guideline and current approach in pancreatitis 1. Critical in severe acute pancreatitis, <i>John A Winsor, M.D. (New Zealand)</i> 2. Managing infected necrotizing pancreatitis, <i>Padmaan Sankaran, M.D. (Malaysia)</i> 3. Pancreatic necrosectomy past, present and future, <i>Arinda Dharmapala, M.D. (Sri Lanka)</i> 4. An ideal operation for Chronic pancreatitis and QOL, <i>H Ramesh, M.D. (India)</i> 5. Chronic pancreatitis, enzyme insufficiency and surgical correction, <i>Thun Inkakul, M.D. (Thailand)</i> 6. Artificial Intelligence , Newer technologies, Acute pancreatitis, <i>GV Rao, M.D. (India)</i>	Mini-Oral 1 12 speakers (6+2)	Short VDO 1 10 speakers (6+2)	Mini-Oral 2 12 speakers (6+2)	Mini-Oral 3 12 speakers (6+2)
10:00-10:30 (30 min)	Coffee Break						
10:30-12:30 (1.5 hrs)	Opening Ceremony • Presidential Lecture, <i>Shailesh V. Shrikhande, M.D. (India)</i> • Living Legend Lecture 1. Perspective on liver transplantation: Innovation, education and beyond, <i>Chen, Chao-Long, M.D. (China)</i> 2. The 45-year history of IPMN of the pancreas from discovery to international management guidelines, <i>Tanaka Masao, M.D. (Japan)</i>						
12:30-13:30 (1 hr)	Lunch Symposium 3	Lunch Symposium 4	Lunch Symposium 5				
13:30-15:00 (1.5 hrs)	Keynote Lecture 1: Biliary (Presentation time: 17 min, 15+2 Theme: Gallbladder cancer 1. Management of Intrahepatic Cholangiocarcinoma: Updates in Surgical and Medical Therapy, <i>Timothy Pawlik, M.D. (USA)</i> 2. TBC, <i>Sanjay Govil, M.D. (India)</i> 3. TBC, <i>Joon Seong Park, M.D. (Korea)</i> 4. TBC, <i>Masayuki Ohtsuka, M.D. (Japan)</i> 5. Protocol for a gallbladder cancer registry study in China: the Chinese Research Group of Gallbladder Cancer (CRGGC) study, <i>Ying-Bin Liu, M.D. (China)</i>	Keynote Lecture 2: Liver Presentation time: 17 min, 15+2 Theme: Minimally invasive liver resection 1. TBC, <i>Go Wakabayashi, M.D. (Japan)</i> 2. TBC, <i>Kalayrasan Raja, M.D. (India)</i> 3. TBC, <i>Ki-Hun Kim, M.D. (Korea)</i> 4. TBC, <i>Choon H David Kwon, M.D. (USA)</i> 5. TBC	Keynote Lecture 3: Pancreas Presentation time: 17 min, 15+2 Theme: The cystic neoplasm of pancreas includes intrapapillary mucinous neoplasm(IPMN), Mucinous cystic neoplasm(MCN), Serous cystic neoplasm (SCN) and pseudopapillary neoplasm (SPN), currently guideline and proper management 1. IPMN pancreas , What's new?, <i>Takao Ohtsuka, M.D. (Japan)</i> 2. TBC, <i>Horacio J. Asbun, M.D. (USA)</i> 3. Role of surgery in L-PDAC, <i>Carlos Fernandez-del Castillo, M.D. (USA)</i> 4. TBC, <i>Jin Young Jang, M.D. (Korea)</i> 5. TBC, <i>Yi Miao, M.D. (China)</i>	Mini-Oral 4 12 speakers (6+2)	Short VDO 1 10 speakers (6+2)	Mini-Oral 5 12 speakers (6+2)	Mini-Oral 6 12 speakers (6+2)
15:00-15:30 (30 min)	Coffee Break						
15:30-16:30 (1 hr)		Update 1: Liver Presentation time: 14 min, 12+2 Theme: Robotic liver resection: an update 1. Updated consensus guidelines, <i>Rong Liu, M.D. (China)</i> 2. Robotic liver resection, Is it Worthwhile, <i>Erci Lai, M.D. (Hong Kong, China)</i> 3. Robotic liver resection, How I do it, <i>Gi Hong CHOI, M.D. (Korea)</i> 4. Robotic living donor hepatectomy, <i>S Sudhindran, M.D. (India)</i>	Update 2: Pancreas Presentation time: 14 min, 12+2 Theme: What are the better strategies for metastatic pancreatic tumor? 1. The systemic treatment in PDAC metastasis and recurrent, <i>Matthew H.G. Katz, M.D. (USA)</i> 2. The best treatment strategy for metastatic PNET, <i>Naris Nilubol, M.D. (USA)</i> 3. The multi-organ resection in locally advanced PDAC, Worthy or Waste?, <i>Thilo Hackert, M.D. (Germany)</i> 4. The liver resection in PDAC metastasis, <i>Vikram Chaudhari, M.D. (India)</i>	Symposium B5: Miscellaneous Presentation time: 14 min, 12+2 Theme: Trauma in HPB	Best VDO 1 9 speakers (8+2)	Best Oral 1 9 speakers (8+2)	Best Oral 2 9 speakers (8+2)
16:30-17:00 (30 min)		Debate 1: Liver Presentation time: 14 min, 12+2 Theme: What is the best treatment for recurrence HCC after liver resection (repeated liver resection vs liver transplant) 1. Repeated liver resection, <i>Kiyoshi Hasegawa, M.D. (Japan)</i> 2. Liver transplantation, <i>Jong Man Kim, M.D. (Korea)</i>	Debate 2: Pancreas Presentation time: 14 min, 12+2 Theme: What should we do in recurrent pancreatic cancer? 1. Recurrent PDAC CMT, <i>Matthew H.G. Katz, M.D. (USA)</i> 2. Recurrent PDAC Surgery, <i>Thilo Hackert, M.D. (Germany)</i>	Debate 3: LT Presentation time: 14 min, 12+2 Theme: Maximized donor safety for adult LDLT: Left or Right ?	1. Right lobe, <i>Albert Chan, M.D. (Hong Kong, China)</i> 2. Left lobe, <i>Choon H David Kwon, M.D. (USA)</i>		
18:00-21:00	Gala Dinner						

CONFERENCE PROGRAM

Theme: LEADERSHIP: SHARING THE EXCELLENCE

TIME	MR110 ABC	BALLROOM 3	BALLROOM 4	MR109 AB	MR 109 CD	MR109 EF	MR109 GH
07:30- 08:30 (1 hr)				Meet the experts 1: Biliary Presentation time: 30 min, 20+10 Theme: Perihilar cholangiocarcinoma 1. TBC, Ebata Tomoki, M.D. (Japan) 2. TBC, Hauke Lang, M.D. (Germany)	Meet the experts 2: Pancreas Presentation time: 30 min, 20+10 Theme: The evolution and tailor approach in pancreatic surgery 1. TBC, Marco Del Chiaro, M.D. (USA) 2. TBC, Wen-hui Lou, M.D. (China)	Meet the experts 3: Liver Presentation time: 30 min, 20+10 Theme: Comprehensive management of colorectal cancer liver metastases 1. TBC, Rene Adam, M.D. (France) 2. TBC, Jean-Nicolas Vauthey, M.D. (USA)	Meet the experts 4: Miscellaneous Presentation time: 30 min, 20+10 Theme: How to live a successful life as a HPB surgeon 1. TBC, Pierre A Clavien, M.D. (Switzerland) 2. TBC, Timothy M Pawlik, M.D. (USA)
08:30 – 09:00	Morning Break						
09:00 10:30 (1.5 hrs)	Master VDO 1: Biliary Presentation time: 14 min, 12+2 Theme: Mastery of surgery in biliary tract cancer 1. TBC, Hiroyuki Sakurai, M.D. (Japan) 2. TBC, Lee Kit Fai, M.D. (Hong Kong, China) 3. TBC, Chen Po-Da, M.D. (Taiwan) 4. TBC, Tharatip Srisuk, M.D. (Thailand) 5. TBC, Deok-Bog Moon, M.D. (Korea) 6. TBC, Xiaoying Wang, M.D. (China)	Master VDO 2: Liver & LT Presentation time: 14 min, 12+2 Theme: Mastering of surgical technique in minimally invasive liver surgery 1. TBC, Kuo-Hsin CHEN, M.D. (Taiwan) 2. TBC, Goro Honda, M.D. (Japan) 3. TBC, Rawisak Chanwat, M.D. (Thailand) 4. TBC, Tran Cong Duy Long, M.D. (Vietnam) 5. Robotic VS lap donor hepatectomy, Yao Ming Wu, M.D. (Taiwan) 6. Lap explantation and robotic liver transplantation, Kyungsuk SUH, M.D. (Korea)	Master VDO 3: Pancreas Presentation time: 14 min, 12+2 Theme: Mastering of surgical technique in pancreatic surgery 1. Precision anatomy for MIS in pancreatic surgery, Yuichi Nagakawa, M.D. (Japan) 2. Lap PD, Shin-E Wang, M.D. (Taiwan) 3. TBC, Jae Hoon Lee, M.D. (Korea) 4. Robotic PD, Wipawee Inthasotti, M.D. (Thailand) 5. PD with vascular resection, Horacio J. Asbun, M.D. (USA) 6. Laparoscopic Pancreaticoduodenectomy, Rapheephat Tanompetanga, M.D. (Thailand)	Symposium A4: LT Presentation time: 14 min, 12+2 Theme: Overcoming Hurdles in Pediatric Liver Transplantation 1. Enhancing Long-Term Outcomes in Pediatric LDLT: Progress and Future Directions, Qiang Xia, M.D. (China) 2. Perfect Fit: Selecting the Ideal Liver Graft Size in Pediatric LDLT, Mureo Kasahara, M.D. (Japan) 3. Mastering Liver Graft Implantation in Pediatric LDLT: Essential Tips and Tricks, Bunthoon Nonthasoot, M.D. (Thailand) 4. Outcomes of splitting DDLT vs LDLT in pediatric liver transplantation, Suk Kyun Hong M.D. (Korea) 5. Revolutionizing Pediatric LT: The Role of Normothermic Machine Perfusion in Liver Splitting, Carlo Pulitano, M.D. (Australia) 6. Strategies for Managing Vascular Complications in Pediatric LDLT, Toar JM Lalisan, M.D. (Indonesia)	Short VDO 3 10 speakers (6+2)	Mini-Oral 7 12 speakers (5+2)	Mini-Oral 8 12 speakers (5+2)
10:30 – 11:00	Coffee Poster						
11:00-12:30 (1.5 hrs)	Keynote Lecture 4: Biliary Presentation time: 17 min, 15+2 Theme: Intrahepatic cholangiocarcinoma 1. TBC 2. TBC, Sae Byeol CHOI, M.D. (Korea) 3. TBC, P Jagannath, M.D. (India) 4. TBC, Zhao hui Tang, M.D. (China) 5. TBC, Attapol Titapun, M.D. (Thailand)	Keynote Lecture 5: Liver & LT Presentation time: 17 min, 15+2 Theme: Curative treatment for advanced liver cancer (colorectal cancer liver metastases) 1. TBC, Zhi-yong Huang, M.D. (China) 2. TBC, Hui-Chuan Sun, M.D. (China) 3. TBC, Rene Adam, M.D. (France) 4. Ultra-low GRWR graft in adult LDLT, Mohamed Rela, M.D. (India) 5. Liver machine perfusion: future of ex situ liver regeneration, Pierre A Clavien, M.D. (Switzerland)	Keynote Lecture 6: Pancreas Presentation time: 17 min, 15+2 Theme: Currently approach, novel surgical technique and systemic treatment in pancreatic ductal adenocarcinoma 1. Standardizing Laparoscopic Surgery Techniques for Pancreatic Cancer, Yoo-Seok Yoon, M.D. (Korea) 2. Pre-operative multimodality treatment for pancreatic cancer, Youseki Inoue, M.D. (Japan) 3. TBC, Xiao Ping Chen, M.D. (China) 4. IRE in PDAC, Kai-Wen Haug, M.D. (Taiwan) 5. TBC, Marco Del Chiaro, M.D. (USA)	Symposium A5: Miscellaneous Presentation time: 14 min, 12+2 Theme: Post operative care in HPB and liver transplantation 1. Rehabilitation for Patient with Pancreaticoduodenectomy, Sang Jee Park, M.D. (Korea) 2. Nutritional Support before/after Pancreaticoduodenectomy, Joon Seong Park, M.D. (Korea) 3. Hepatic Steatosis after Pancreatectomy, Masafumi Nakanuma, M.D. (Japan) 4. ERAS in Liver Transplantation, Chutwichai Tovikai, M.D. (Thailand) 5. Nutritional Support in Liver Transplantation, Toar JM Lalisan, M.D. (Indonesia) 6. Peri-operative Sepsis in Liver Transplantation, TBC	Short VDO 4 10 speakers (6+2)	Mini-Oral 9 12 speakers (6+2)	Mini-Oral 10 12 speakers (6+2)
12:30-13:30	Lunch Symposium 6	Lunch Symposium 7	Lunch Symposium 8				
13:30-15:00 (1.5 hrs)	Symposium A6: Biliary Presentation time: 14 min, 12+2 Theme: Benign biliary disease and miscellaneous of biliary tract 1. Update Management of Choledochal cysts, Pholasith Sangserestd, M.D. (Thailand) 2. Biliary Cystic Lesion of Liver; Classification and Management, Sudeep Shah, M.D. (India) 3. All Assisted Cholecystectomy, Yoshihiko Tashiro, M.D. (Japan) 4. TBC, Ray Sarmiento, M.D. (Philippines) 5. TBC 6. Nontechnical skill in biliary surgery, Adianto Nugroho, M.D. (Indonesia)	Symposium A7: LT Presentation time: 14 min, 12+2 Theme: Navigating Complexities in Adult LDLT: Tackling the Toughest Challenges 1. Mastering the Transition from Open to Minimally Invasive in LDLT Recipient, Kwang-Woong Lee, M.D. (Korea) 2. Starting Strong: Boosting Adult LDLT Success in Low-Volume Centers, Sunhavit Junrunsee, M.D. (Thailand) 3. Expert Tips for Managing Large Polycystic Liver Disease in LDLT, Le Van Thanh, M.D. (Vietnam) 4. Selecting the Ideal Candidate: LDLT for HCC with Macro-Vascular Invasion, Cheung Tan To, M.D. (Hong Kong, China) 5. Innovative Approaches for LDLT in Patients with Severe Portal Vein Thrombosis, Prashant Bhangu, M.D. (India) 6. RAPID Procedure: How to , Achieve the Best Outcome Pâl-Dag Line, M.D. (Norway)	Symposium A8: Pancreas Presentation time: 14 min, 12+2 Theme: The multidisciplinary approach and techniques in pancreatectomy 1. Radical peritoneal dissection could improve the outcomes of PD patients due to pancreatic cancer, TBC 2. HPB disease in low gravity environments, Lisa Brown, M.D. (New Zealand) 3. Impact of mesopancreas dissection level 3 in robotic pancreaticoduodenectomy for pancreatic head cancer, Shin-E Wang, M.D. (Taiwan) 4. Duodenal sparing Pancreatectomy, Eric Berberabe, M.D. (Philippines) 5. Is developing robotic assisted pancreaticoduodenectomy in non-high volume centre feasible? - What are the evidences, Yoong Boon Koon, M.D. (Malaysia) 6. Spleen preserving distal pancreatectomy with celiac axis resection for pancreatic cancer, Satoshi Hirano, M.D. (Japan)	Symposium A9: Woman in HPB Presentation time: 14 min, 12+2 Theme: Empowering Women in HPB: Building Connections and Advancing Together 1. Insights from the Women in A-PHPBA: Survey Results Revealed, Catherine Teh, M.D. (Philippines) 2. How to overcome the challenges in promoting diversity and equality, Tin Tin Mar, M.D. (Myanmar) 3. Establish mentoring and coaching system for females in A-PHPBA, Paleswan Joshi Lakhey, M.D. (Nepal) 4. Panel discussion -> senior and junior - 30 min	Short VDO 5 10 speakers (6+2)	Mini-Oral 11 12 speakers (6+2)	Mini-Oral 12 12 speakers (6+2)
15:00 – 15:30	Coffee Poster						
15:30-16:30 (1 hrs)	Symposium B2: Biliary Presentation time: 14 min, 12+2 Theme: Mastery of treatment in bile duct injury 1. Towards zero bile duct injury; ministry of health Malaysia perspective, Manisekar K. Subramanian, M.D. (Malaysia) 2. Bile duct injury; endoscopic management perspective, Thawee Ratanachai-ek, M.D. (Thailand) 3. Bile duct injury; surgical management perspective, Ardash Chaudhary, M.D. (India) 4. Management of complex vasculobiliary injury, Vishalkumar G Shelat, M.D. (Singapore)	Symposium B3: Liver Presentation time: 14 min, 12+2 Theme: Complicated issues in liver surgery 1. Splenectomy and devascularization for Non-cirrhotic portal hypertension, Ramesh Singh Bhandari, M.D. (Nepal) 2. How to increase remnant liver volume with minimally invasive techniques, Lian-xin Liu, M.D. (China) 3. Laparoscopic hepatectomy for Hepatolithiasis, Le Trung Hieu, M.D. (Vietnam) 4. Minimally invasive approaches for repeat hepatectomy or technically difficult cases, Junichi Shindoh, M.D. (Japan)	Symposium B4: Pancreas Presentation time: 14 min, 12+2 Theme: How I Do It in Complex Pancreatic Surgery 1. How to encourage and developing in complex pancreatic surgery?, Adeodatus Yuda Handaya, M.D. (Indonesia) 2. Laparoscopic vs Open Pancreaticoduodenectomy: Is the benefit marginal or major?, Jan Chik, M.D. (Malaysia) 3. Laparoscopic resection in pancreaticoduodenectomy, Ben Loveday, M.D. (Australia) 4. Robotic distal pancreatectomy with spleen preserving: Kimura or Warshaw procedure , Cheng-Ming Peng, M.D. (Taiwan)	Symposium B1: Miscellaneous Presentation time: 14 min, 12+2 Theme: Quality improvement in HPB surgery 1. How to conduct high-quality outcome research in HPB surgery?, Masayuki Ohtsuka, M.D. (Japan) 2. Key Component of HPB Surgery Fellowship Training Program, Yongyut Sirivatanauskorn, M.D. (Thailand) 3. Establishing HPB Surgery in Resource Challenge Setting, S Sivaganesh, M.D. (India) 4. Quality Performance Indicators for Surgical Quality Improvement in HPB Surgery, Jonathan Koea, M.D. (New Zealand)	Best VDO 2 9 speakers (8+2)	Best Oral 3 9 speakers (8+2)	Best Oral 4 9 speakers (8+2)
16:30-17:00 (30 min)	Debate 4: Biliary Presentation time: 14 min, 12+2 Theme: Borderline resectable intrahepatic cholangiocarcinoma: Upfront surgery or Neoadj chemotherapy 1. Neoadj chemotherapy, William Jarnagin, M.D. (USA) 2. Upfront surgery, Masaru Miyazaki, M.D. (Japan)	Debate 5: Liver Presentation time: 14 min, 12+2 Theme: What is the best approach for minimally invasive liver surgery (Robotic vs Laparoscopic liver resection) 1. Robotic liver resection, Gi Hong Choi, M.D. (Korea) 2. Laparoscopic liver resection, Osamu Itano, M.D. (Japan)	Debate 6: Pancreas Presentation time: 14 min, 12+2 Theme: The minimally invasive surgery in Pancreaticoduodenectomy 1. Robotic PD, Manish Bhandare, M.D. (India) 2. Laparoscopic PD, Brian Goh, M.D. (Singapore)	Debate 7: Miscellaneous Presentation time: 14 min, 12+2 Theme: What's the best technique to increase liver remnant? ALPPS vs PVE + HVE 1. ALPPS side, Pierre A Clavien, M.D. (Switzerland) 2. PVE+HVE side, Jean-Nicolas Vauthey, M.D. (USA)			

CONFERENCE PROGRAM

Theme: LEADERSHIP: SHARING THE EXCELLENCE

TIME	MR110 ABC	BALLROOM 3	BALLROOM 4	MR109 AB	MR 109 CD	MR109 EF	MR109 GH	
07:30- 08:30 (1 hr)				Meet the experts 5: Biliary Presentation time: 30 min, 20+10 Theme: Management of bile duct injury 1. TBC, VK Kapoor, M.D. (India) 2. TBC, Pongserath Sririchidakul, M.D. (Thailand)	Meet the experts 6: Pancreas Presentation time: 30 min, 20+10 Theme: The Challenge and Future Advancement in pancreatic surgery 1. TBC, C Palanivelu, M.D., (India) 2. TBC, Carlos Fernandez-del Castillo, M.D. (USA)	Meet the experts 7: Liver Presentation time: 30 min, 20+10 Theme: Mastering for minimally invasive liver surgery 1. TBC, Rong Liu, M.D. (China) 2. TBC, Go Wakabayashi, M.D. (Japan)	Meet the experts 8: Miscellaneous Presentation time: 30 min, 20+10 Theme: Innovations in Transplant Oncology: Ex-vivo Liver Surgery and Beyond HCC 1. TBC, Pål-Dag Line M.D. (Norway) 2. TBC, Taizo Hibi, M.D. (Japan)	
08:30 – 09:00	Morning Break							
09:00 10:00 (1 hr)	Update 3: Biliary Presentation time: 14 min, 12+2 Theme: Update management in perihilar cholangiocarcinoma 1. TBC, Itaru Endo, M.D. (Japan) 2. TBC, Shridhar Ganpathi Iyer, M.D. (Singapore) 3. TBC 4. TBC, Poowanai Sarkhampee, M.D. (Thailand)	Symposium B6: Liver Presentation time: 14 min, 12+2 Theme: Update Management of Potential Resectable CRLM 1. The Impact of Tumor Biology for Defining Resectability, Jean-Nicolas Vauthhey, M.D. (USA) 2. Defining Resectability CRLM, Catherine Teh, M.D. (Philippines) 3. 2-stage Hepatectomy, Does it increase resectability rate?, Wipusit Taesombat, M.D. (Thailand) 4. Liver First Strategy, Is It Really Benefit?, Kun-Ming Chan, M.D. (Taiwan)	Symposium B7: Pancreas Presentation time: 14 min, 12+2 Theme: All about Pancreatic Neuroendocrine Tumor 1. Update on Molecular Characteristics in PNETs and Clinical Implications, Naris Nilubol, M.D. (USA) 2. Surgical Approach in Nonfunctional PNETs, Jaswinder Samra, M.D. (Australia) 3. Functional PNETs - Therapeutic strategies, Kohei Nakata, M.D. (Japan) 4. Hepatectomy for PNET Liver Metastasis, Is It Worthy Palliation?, Lee Ser Yee, M.D. (Singapore)	Update 4:Miscellaneous Presentation time: 14 min, 12+2 Theme: Advance technology in liver surgery 1. AI in liver surgery, Takeshi Aoki, M.D. (Japan) 2. Advanced in VR and AR in liver surgery, Alfred Kow, M.D. (Singapore) 3. MR functional liver study, TBC 4. Laparoscopic RFA for liver malignancy in difficult approach area, Charles Chung-Wei LIN, M.D. (Taiwan)	Best VDO 3 9 speakers (8+2)	Best Oral 5 9 speakers (8+2)	Best Oral 6 9 speakers (8+2)	
10:00 – 10:30	Coffee Poster							
10:30-12:00 (1.5 hrs)		Plenary Oral 6 speakers (12+3)	Plenary VDO 6 speakers (12+3)					
12:00-13:00		AWARD & CLOSING CEREMONY
